

PRESS RELEASE

NORMAN POLICE DEPARTMENT

Norman police have recently placed a listing of all registered sex and violent offenders residing in Norman on the department's website. The registration process, required by State statute, establishes three levels of offenders. At a minimum, even the lowest level offender must register and check in with the department every ninety days, and Norman police officers conduct at least one unannounced compliance check of each of the sixty-eight registrants during the same period.

The website offers a map of the city, identifying areas where offenders can and cannot live, a list of frequently asked questions, and a list of individual registrants, including their photograph, address, and physical description.

We encourage everyone to visit the new website feature at:
